Mayors – over the past two weeks as we’re all aware, Ottawa has been dealing with a protest that has turned into an occupation. In the past few days, this has spread to international bridges and now is directly affecting the economy and our residents across the Province. Needless to say the situation is an enormous challenge, for Mayors Watson and Dilkens most of all.

I’ve spoken with many of you since Sunday regarding a motion of support from our caucus and as the situation escalates I think it’s important we show our support for our colleagues and speak out as Mayors. We’ve drafted the following resolution for your consideration. If possible, could you respond today to this email and indicate whether you support it. If it receives support from more than half of the caucus, we will make it public late today or tomorrow morning.

Ontario’s Big City Mayors stand in solidarity with the Mayors of impacted cities and condemn the irresponsible and damaging actions of the convoy protestors. supports the right to a peaceful protest but what is happening in Ottawa and at the Ambassador Bridge is unacceptable. Public disorder and lawlessness must end. Workers are being laid off, critical industries such as the auto sector are disrupted, residents are being forced to leave their homes, and illegal and dangerous actions are continuing. Experts are now suggesting that the economic impacts on goods and services could last for months, we believe Ontario businesses have suffered enough.

OBCM is grateful for the hard work of our first responders, many without a day off since the protests started, or who have travelled from other parts of the province to where they are needed most. The Mayors resolve their support for co-ordinated action by all orders of government to end the occupations and defend peace, order, and good government.

We’re at a difficult time as a Province and in our careers. For everyone dealing with protestors or convoys in your cities, these are trying times that call on us to be fair, calm, but firm. My own convictions have been reinforced by watching the calm but firm leadership coming from Drew, Jim, and John these last few weeks. Your colleagues are with you.

Thank you for your consideration of the motion and please don’t hesitate to reach out directly if any questions/concerns – by email or I can be reached on my cell at [REDACTED]
